BEAL'S LATE POWEL'S EMBROCATION For all diseases incident to Herros, Catile, and Human Flesh, requiring the use of an external application.

Human Flesh, requiring the use of an external application.

Till's new Compound, prepared by a practical Chemist, having a full knowledge of all the medical virture of each ingradient that enters into its composition, is warranted to exceed anything of the kind ever yet effected to the Public no an external application for the diseases for which it is recommended. We are satisfied that it will work its own road into the confidence of all who use it, and those who try it once will never be without it, and those who try it once will never be without it, and those who try it once will never be without it, and those who try it once will never be without it, and those who try it once will never be without it, and these roads all the prenounned by Farriers, and all who have bred it, to be the best application were used. This Einbrosstoin has been put up for over eight years, and it is only through the increasing demand and argent recurses of my friends and the Public that I send it forth as the grand remedia agent for the various diseases to which that noble and useful aritmal, the horse, is subject.

Many retracioes have been offered to the Public under different forms, some of them are be jurious, others at heat of little use, and many wholly impreper is any extended composition, free from those objections, has therefore long been desired by many gentlemen who have valuable hurres, and are unwilling to trust them to the care of designing and pretended Farriers. Their wishes are all length fully gratified, by De Beale) being prevailed upon to allow this valuable funbrocation (when has proved so offications to the various diseases) to be prepared and hrought out to the public.

This Embrocation (when has proved so offications to the various diseases) to be prepared and hrought out to the public.

This Embrocation (when his proved so offications to the various diseases) to be prepared and hrought out to the public.
